**DECLARATION OF TIMOTHY I. SCOTT ACCOMPANYING RESPONSE
TO NOTICE OF MISSING PARTS AND PETITION TO ACCORD
FILING DATE UNDER 37 C.F.R. §§1.182 AND 1.17(h)**

1. I am Senior Patent Counsel for Sulzer Medica USA, Inc., the parent company to Sulzer Carbomedics, Inc. ("Carbomedics"), the assignee of the present application.
2. My duties as Senior Patent Counsel include filing new patent applications on behalf of Carbomedics, and other patent prosecution related responsibilities.
3. On December 20, 2000, I filed an application (different from the present application) on behalf of Carbomedics as attorney docket number CMI-379, by depositing the application with the United States Postal Service by Express Mail. Documents confirming this deposit are enclosed herewith.
4. On December 21, 2000, I filed the instant application on behalf of Carbomedics as attorney docket number CMI-397, by depositing the application with the United States Postal Service by Express Mail. Documents confirming this deposit are enclosed herewith.
5. Through inadvertent confusion of the CMI-397 and CMI-379 applications, I erroneously submitted the drawings intended for the CMI-397 application in connection with CMI-379. Similarly, I erroneously submitted the drawings for the CMI-379 application in the filing of the CMI-397 application. This error can be

verified though examination of both Applications, which remain in the possession of the United States Patent and Trademark Office. This error is also shown in the filing papers for the respective applications, which reveal that the applications were filed with an incorrect number of drawings (i.e., CMI-379 was erroneously filed with 5 drawings pages corresponding to Figures 1-7 of the CMI-397 application, and CMI-397 was erroneously filed with 3 drawings pages corresponding to Figures 1-4 of the CMI-379 application).

6. The entire subject matter for both the CMI-397 and CMI-379 applications was deposited with the United States Postal Service by Express Mail no later than December 21, 2000.
7. The inadvertent exchange of the drawings for the two applications referenced in paragraphs 3-5 above was discovered on Tuesday, February 6, 2001 when the Notice of Missing Parts for CMI-397 was received.
8. The present Response and Petition is being filed promptly upon discovery of the error and execution of the declaration and assignment for this Application.
9. I declare under penalty of perjury that the foregoing is true and correct.

Executed on 02/13/01.
